PROGRAMS/PROJECTS	DESCRIPTION	SUCCESS INDICATORS	STATUS OF IMPLEMENTATION / ASSESSMENT REPORT (3RD QUARTER)
A. BUILDING A STRONG FOUNDATION FOR DIGITAL TRANSFORMATION: DIGITALIZATION, DIGITIZATION, AND STRENGTHENING THE NETWORK INFRASTRUCTURE			
Digitalization: In-House Development, Enhancement and Deployment of various in-house Application and Information Systems			
1. Enhancement of Computer-Based Licensure Examination System (CBLES)	CBLES is an in-house developed intranet-based system where the administration and conduct of various licensure examinations are fully computerized. It reduces the need for the usual requirements for a traditional pen-and-paper test (PPT) and fast track the release of examination results immediately after the last subject of any licensure examination. The implementation of the CBLE would help improve PRC's operational efficiency by addressing the various issues, concerns, and limitations in the technology and business processes of its current examination system.	100% developed/enhanced by December 2024	85% enhanced
2. Enhancement of Licensure Examination and Registration Information System (LERIS)	LERIS is an integrated system that combines various online applications and information systems. The said system is part of PRC's ICT-based strategy to enhance its coordination with relevant government and private organizations, increase its capabilities and resources, and promote transparency and efficiency in its operations. LERIS offers online access to services and information, which is available anytime and anywhere,	100% developed/enhanced by December 2024	The Professional Regulation Commission (PRC), together with the Department of Information and Communications Technology (DICT), held the Ceremonial Launching of electronic Professional Identification Card via eGovApp was held on July 8, 2024 at the Philippine International Convention Center (PICC). The integration allows the professionals/users to access the ePIC through the eGovPH app and at the same time made available in the eGovPH Mobile ID Wallet.

F. QUALITY OF SERVICE TO CLIENTS			
Updating of service standards	In line with the provisions of RA No 11032 otherwise known as the Ease of Doing Business and Efficient Government Service Delivery Act of 2018, all government agencies shall set up their respective most current and updated service standards known as the Citizen's Charter (CC). The CC is an official document, a service standard, or a pledge that communicates, in simple terms, information on the services provided by the government to its citizens. The CC must be regularly reviewed to integrate new policies to update the requirements, fees, process cycle time, and procedures of a particular service being availed by external clients.	Publication of most current and updated Citizen's Charter	PRC Citizen's Charter 2024 (1st Edition) is published as the most current and updated version of the charter. To ensure the efficient delivery of services, the PRC Citizen's Charter 2024 (1st Edition) is under review. The CART Chairperson and Secretariat facilitated the proposed revision of the Citizen's Charter by soliciting updates/inputs from Regional Offices.
