Job Description

1. Maintain accountability for the records received by keeping a copy of the fully accomplished transmittal and filling the same properly;
2. Groom each page of the documents by removing foreign objects (fastener, staples, clips, dirt, and other objects) and unnecessary documentary reports and attachments to ensure an effective scanning process. Inspect the documents for missing, worn, and torn pages and with folded corners and sides to avoid paper jams and other technical problems. Repair or fix torn pages and photocopy brittle/fragile pages to prevent further damage;
3. Segregate records to be scanned from duplicate copies;
4. Paginate each page of Administrative Case records and make a Table of Contents for every Administrative Case;
5. Scan all records using the Laserfiche account and check the readability, completeness of pages, page orientation, and overall quality of each file of scanned documents;
6. Encode the metadata of every document/record to facilitate easy retrieval and management of digitized records in the repository;
7. Rename the files based on the standard file name conventions unique to each type of record before uploading to the Laserfiche repository;
8. Conduct quality control on all uploaded electronic records regularly;
9. Conduct enhancement and data cleansing regularly;
10. Observe proper handling of all records during the grooming process, digitization, back-to-file, and transmittal of digitized records to the originating office/division by ensuring that all records are kept intact, sorted properly in safe storage/boxes, and accompanied with properly accomplished transmittal; and
11. Perform other functions as may be assigned by the Team Leader and Heads.
