**PROCEDURE ON THE CONDUCT OF THE BODILY SEARCH,  
INSPECTION OF PERSONAL BELONGINGS OF THE EXAMINEES  
AND THE SEIZURE/CONFISCATION OF PROHIBITED ITEMS  
DURING THE LICENSURE EXAM**

All examination personnel, with the assistance of the representatives from law enforcement agencies, shall conduct a bodily search and inspection of the personal belongings of the examinees, subject to the following guidelines:

1. The least intrusive means of search or inspection shall be employed, either thru visual inspection, use of metal detectors, x-ray/scanners, weighing scale for calculators, rods/sticks (instead of bare hands). Bodily searches may involve physical contact but only if reasonably necessary to complete the search, i.e. if mere visual search is not sufficient to achieve the purpose of the search as when needed to check for hidden prohibited articles/items. Should physical contact be necessary, the same must always be carried out by examination personnel of the same sex.
2. The examinee, in the course of the bodily search, may be requested to remove certain pieces of his/her clothing (e. g. jackets, shoes, belts, eyeglasses, etc.) but only as far as necessary and proportionate to the purpose of the search. In no case shall the conduct of bodily search be too intrusive or excessive.
3. The bodily search should be done privately, if the examinee so requests or if deemed necessary under the circumstances.

For Muslim woman examinees, they shall be required to momentarily remove their face veils (*niqab*) for verification purposes. This procedure shall be done in seclusion or privately, with the assistance of an examination personnel or the assigned Floor or Building Supervisor, who must also be a female.

4. In all cases, the examinees must be informed of the purpose of the search. The NOA and the Board Examination Program must bear a stipulation that the examinee submits and agrees to the inspection of his/her person and belongings, and that in case prohibited items are found in his/her possession, the same shall be placed in the custody of the Commission for investigation purposes.
5. Manual opening of the calculators may only be resorted to if there is a well-founded belief or suspicion that the calculator is or will be used for illegal purpose (e.g. if with tampered or broken seal, or if the same appears to be heavier than the ordinary or with an unusual display or configuration).
6. The search or inspection herein described shall be conducted before the start of the exam and may be repeated at any time thereafter, if deemed necessary.
7. All prohibited items shall be seized/confiscated. The seized/confiscated item/s shall be marked with proper identification by the examination personnel concerned. The examination personnel shall prepare an incident report, using the prescribed template, for submission to the Board.

No seized/confiscated item shall be returned to the examinee until the decision on the case shall have become final and executory.

**SUBJECT: Updated Health Protocols following Lifting of the COVID-19 Public Health Emergency**

On July 21, 2023, the President declared the lifting of the Public Health Emergency throughout the Philippines due to COVID-19 through Proclamation No. 297. In light of this, the Department of Health (DOH) clarifies the following changes in the COVID-19 protocols:

**Table 1. Updated protocols on Minimum Public Health Standards**

<b>PROTOCOLS</b>	<b>FROM</b>	<b>TO</b>
Masking	Required in healthcare facilities, medical transport vehicles, and public transportation	<b>For Health Facilities</b> While no longer mandated, the DOH <u>recommends</u> retention of the mandatory use of masks in health facilities to protect vulnerable patients and reduce nosocomial infection. Infection Prevention and Control Committees (IPCC) of health facilities can choose to retain mandatory masking and issue specific guidelines applicable to their facility.  For all other stationary or mobile healthcare providers without IPCC, DOH still <u>recommends</u> masking to be continued.

Minimum Public Health Standards	Good hygiene, frequent hand washing, observance of physical distancing, and good ventilation	Good hygiene, frequent hand washing, and good ventilation; especially in situations where close interaction with vulnerable populations cannot be avoided such as the elderly population, those with comorbidities and immunocompromised individuals.
Vaccination	Recommended	Recommended

As to clinical guidelines, the following are the updated *recommendations* informed by the Philippine COVID-19 Living Recommendations, World Health Organization, U.S. Centers for Disease Control and Prevention (CDC) and recommended by the members of the DOH Scientific Advisory Group of Experts for Emerging and Re-Emerging Infectious Diseases (EREID SAGE). As with all other diseases, patients are advised to consult their health care provider, most especially if presenting with moderate to severe symptoms.

The DOH also reiterates that neither repeat testing (showing a negative COVID-19 test) nor requiring medical certificates are required for resumption of work or entrance to school.

**Table 2. Updated masking, quarantine and isolation protocols**

Whilst the state of public health emergency has already been lifted, the health sector shall continue to remain vigilant to ensure adequate health system capacity in the event that it is required. Continued surveillance is necessary to minimize the risk of outbreaks and/or severe disease in settings with high-risk individuals. Regarding modifications in surveillance, reporting and public risk communication, please refer to the table below:

Resolution No. 1809  
Series of 2024

**UPDATED LIST OF NON-PROGRAMMABLE CALCULATORS ALLOWED  
TO BE USED IN THE LICENSURE EXAMINATIONS**

**WHEREAS**, Republic Act (R.A.) No. 8981, or the “PRC Modernization Act of 2000”, empowers the Professional Regulation Commission (Commission) to administer, implement and enforce the regulatory policies of the national government with respect to the regulation and licensing of the professions under its jurisdiction; administer and conduct the licensure examinations of the various regulatory Boards in accordance with the rules and regulations promulgated; and adopt measures to preserve the integrity and inviolability of the licensure examinations, among others;

**WHEREAS**, the Commission, pursuant to its powers under the same Act, issued Memorandum Circular (MC) No. 21 (s. 2009), prescribing the list of non-programmable calculators to be used by the examinees in all licensure examinations;

**WHEREAS**, some of the models in the list of allowed non-programmable calculators under MC No. 21 (s. 2009) are found to be outdated since most of them are phased-out and are commercially unavailable;

**WHEREAS**, the Commission recognizes the importance of ensuring that the list of non-programmable calculators allowed in the licensure examinations are up-to-date and easily accessible;

**WHEREAS**, it is also important to have an updated list of allowed non-programmable calculators for the guidance of the Commission Regional Offices, the examinees, and other stakeholders;

**NOW THEREFORE**, the Commission **RESOLVES**, as it is hereby **RESOLVED**, to recommend the **Updated List of Non-Programmable Calculators Allowed to be Used in Licensure Examinations** as shown in “Annex A”.

**RESOLVED FURTHER**, that the following additional guidelines be properly followed:

- a. Only one (1) non-programmable calculator per examinee shall be allowed inside the examination room. All calculators shall be thoroughly inspected by the examination personnel every examination day.
- b. Borrowing, lending and substitution/replacement of calculators while the examination is in progress shall not be allowed.

**RESOLVED FINALLY**, that:

- a. Professional Regulatory Boards (PRBs) that have their own list of allowable calculators may continue to use their existing *Resolution*, which shall be clearly stated in their licensure examination program;
- b. PRBs that prefer to have their own list of allowable calculators may issue their own *Resolution*;
- c. PRBs may completely disallow calculators in their licensure examinations which shall be clearly stated in their licensure examination program; and
